Skills

Languages: C, C++, JavaScript, Python, SQL
AI & GenAI: LangChain, LangGraph, RAG, Vector Embeddings, LLM APIs, MCP
Web & Backend: HTML, CSS, React.js, Zustand, Node.js, Express.js, FastAPI, MongoDB, Tailwind CSS
DevOps & Tools: Docker, GitHub, GitHub Actions, Git, Postman, Vim, Linux

Projects

SiteWhisper: Agentic AI Chrome Extension with RAG, Tool Use & App Integrations Feb 2026 – Present
GitHub

- Built a Chrome extension (Manifest V3) with a LangGraph ReAct agent that autonomously routes to 5+ tools – page search, summarization, web search, and Composio (500+ app integrations).
- Implemented an in-memory RAG pipeline for the page-search tool with multi-provider embeddings and cosine-similarity top-3 chunk retrieval, reducing LLM context by ~85%.
- Deployed FastAPI backend on a Linux VPS serving 3 AI providers and 8+ models with SSE token streaming.

PR Conductor: SaaS Automated Code Review Platform for GitHub Pull Requests Feb 2026 – Present
GitHub | Live | npm

- Built a multi-user SaaS platform that automates PR code reviews, reducing review turnaround from hours to under 30 seconds with zero manual intervention – reviews trigger automatically on every opened PR via GitHub Actions.
- Engineered a full OAuth-based onboarding flow (GitHub OAuth + MongoDB) with per-user credential isolation, and published an npm CLI (`npx pr-conductor`) that sets up the GitHub Actions workflow in one command.
- FastAPI backend parses unified diffs, sends structured prompts (Pydantic + LangChain) to Gemini, and posts up to 5 inline review comments ranked by severity (low/medium/high) directly on the changed lines of the PR.

Experience

Full Stack Web Development Trainee View Certificate Jun 2025 – Jul 2025
GRAS tech via BBDU Training Program, Lucknow, India

- Completed a 6-week intensive MERN stack program, delivering 4 projects – 3 React.js frontends and 1 full-stack application – and earned a completion certificate.

Education

Babu Banarasi Das University 2022 – May 2026
Bachelor of Technology in Computer Science and Engineering CGPA: 8.0
